## 2019 SIDE YARD AND BLIGHTED STRUCTURE PROGRAM

### PROGRAM GUIDELINES

*All applicants should carefully review the Program Guidelines outlined below. Please contact (412)350-1090 with questions about the Program or application.*

#### APPLICANT ELIGIBILITY REQUIREMENTS

To be eligible for the Program, applicants:

- Must be current on taxes, water, sewage, and refuse bills on all properties owned in Allegheny County.
- Must not have any outstanding code violations or municipal liens on properties owned in Allegheny County.
- Cannot have acquired or be in the process of acquiring a property through the 2017 Side Yard and Blighted Structure Program.

#### PROPERTY ELIGIBILITY REQUIREMENTS

Applications are subject to all requirements under the Program policies. Property eligibility will be determined on a case by case basis based upon consideration of a variety of factors related to blight. To be eligible for the Program, a property must at a minimum meet all preliminary eligibility requirements, including:

- Be a vacant lot or vacant structure.
- Have at least three years of tax delinquency.
- Be located in a participating municipality that has submitted the required program marketing plan.

Applications may be subject to additional eligibility requirements.

#### TIMELINE FOR PAYMENT AND ACQUISITION

Applications will be pre-screened for completeness and applicant and property eligibility. Failure to fill out all sections of the application or provide all requested documentation will delay this process. Substantially incomplete applications will be returned to the applicant and not considered for the Program. Applicants may be contacted if items are missing or additional information is required and given a deadline for submission of all materials, after which their application will be terminated.

Once an application is determined complete, it will undergo a review process that typically takes a minimum of four months. Thereafter, the applicant will be sent a Conditional Agreement of Sale that outlines the terms and conditions of the sale of the property, including the associated costs. The applicant must return the signed Conditional Agreement of Sale and payment for the

appraised value, good faith deposit, and parcel fee (as applicable) in order for the acquisition process to begin.

If RAAC receives another application for the same property at any point prior to the execution of the Conditional Agreement of Sale, RAAC will review the subsequent application in accordance with the Program's policies and determine whether RAAC will proceed with one of the applications or decline to proceed with any application. In the event RAAC receives two or more applications from abutting property owners proposing to use the property for a side yard, parking, or similar use and RAAC has not yet executed a Conditional Agreement of Sale with an applicant for the property, RAAC will close all applications for the property and provide the applicants the opportunity to prepare a mutually agreeable, feasible plan and submit a new application to RAAC. Once a Conditional Agreement of Sale has been executed for a property, RAAC will not consider other applications for the same property, regardless of the disposition priority.

After the applicant returns the signed Conditional Agreement of Sale and payment for the appraised value, good faith deposit, and parcel fee (as applicable), it typically takes a minimum of five months until closing. This time may vary based upon a number of factors. Applicants are responsible for all closing costs, such as transfer taxes, real estate taxes, recording fees, and closing fees. These costs are due at the time of closing. Applicants may elect to purchase title insurance at an additional cost.

### **COMPLETION OF PLANS**

After RAAC conveys a property to an applicant, the applicant will have a pre-determined amount of time to complete the plans for the property that the applicant specified in Section III of the application and/or any other supplemental materials. Applicants are responsible for contacting RAAC upon completion of their plans. Thereafter, RAAC will inspect the property and if the plans were completed, RAAC will record a Certificate of Completion.

RAAC reserves the right to take back a property in the event that an applicant fails to complete the plans within the agreed upon period of time. RAAC would not reimburse the applicant for any costs incurred acquiring the property or making improvements to it.

## PARCELS WITH EXISTING/FUTURE STRUCTURES POLICY

Applicants for a property that has or will have a structure on it will personally assume all responsibilities associated with the demolition, rehabilitation, or construction of the structure, including but not limited to all financial and legal responsibilities. Applicants are responsible for ensuring that their plan adheres to all local zoning and building code requirements.

Applicants must demonstrate that they will be able to successfully implement their proposed plan for the structure through the submission of a detailed scope of work, project budget, proof of financial capacity, and information regarding their relevant experience and/or capacity to manage the project.

The applicant’s plans for the property must address both the exterior and interior of the property. RAAC is unable to authorize applicants to enter any property, and so the applicant would be purchasing the property as is and without seeing the interior. Interior rehabilitation plans should address all major building systems and the general categories of repair that a vacant structure would likely require.

At a minimum, the following materials are required, depending upon the applicant’s plan:

PLAN	REQUIRED MATERIALS
